

Richmond Community College

Job Description

Position Title: Director of Public Safety Training

General Description of the Position: The Director of Public Safety, under the authority and supervision of the Dean of Applied Sciences and Engineering, is responsible for *supervising* the school directors for the College's Basic Law Enforcement Training (BLET), Fire & Rescue, and Detention Officer Certification Course (DOCC) programs. The Director will also *develop, coordinate, supervise, and evaluate* programs for Law Enforcement.

Duties and Responsibilities of the Position:

1. Responsible for all programs and personnel associated with the Law Enforcement, BLET, DOCC, Fire & Rescue in Richmond and Scotland Counties.
2. Coordinate the development of new curricula for the department utilizing various delivery methods while staying current with trends, technology, and the needs of the learner.
3. Coordinate, maintain, and ensure compliance of program standards in content and delivery, as well as any accreditation requirements.
4. Supervise, support, and evaluate personnel in the department. Recruit and recommend to the Dean and VP qualified part-time instructors as needed.
5. Establish and maintain positive working relationships with local and state agencies and any other stakeholders directly benefiting from the department programs.
6. Coordinate all aspects of public safety courses, including scheduling, registration, budgets, program promotion, and special projects with the Dean and Vice President for Instruction.
7. Provide annual program planning outcomes and results for public safety, including projected budget expenditures.
8. Submission of all required reports.
9. Other duties. (Willingness to accept and fulfill additional assignments.)

Position Qualifications:

Knowledge, Skills and Abilities:

Must demonstrate the ability to obtain, determine, and evaluate community, organizational and individual public safety needs. From these needs, develop programs and courses which adhere to the mission of RichmondCC. Must be entrepreneurial in nature and have the ability to work cohesively within the public safety community, as well as, the entire College to meet community needs. Must be cognizant of the various educational levels of adult students and be able to serve all equally. Must be physically able to perform job duties.

Minimum Education and Experience:

Bachelor's degree from a regionally accredited institution required. Degree in Criminal Justice, Fire & Rescue, Emergency Services, Management, or a related discipline, preferred. Working knowledge in at least one of the public safety disciplines preferred. Three years of work experience in one of the disciplines preferred. Three years' experience in managing adult education or training programs, with experience in organizing and administering educational classes preferred.

Location: RCC Service Area

Salary: RichmondCC Salary Level 10

General business office with typewriters and/or computer printers, light traffic.

6. Comments. Include any other information that will aid in the preparation of an accurate description of this job.

Ability to effectively communicate and work well with others.

7. Questionnaire prepared by:

Name: Devon G. Hall Date: October 4, 2019

Title: Dean of Applied Sciences and Engineering.

Basis for knowledge of job: ☐ hold job now; ☒ supervise job; ☐ other (explain)

Exposure Determination for Bloodborne Pathogens

All position descriptions, including administrative and support personnel, whether paid or volunteer, must be evaluated by the appropriate department chairman/head and a Risk of Exposure to Bloodborne Pathogens Classification I or II be assigned to the position as it applies to each employee's work location. In situations where jobs of the same title entail substantially different categories of risk based on the department to which assigned, job titles will be modified to include the unit name thereby creating a newer, more specific description for that position.

For jobs which fall into Classification II, a list of tasks or procedures which present an occupational exposure to those employees should be prepared and appended to the job description. Assignment of personnel to a new department in the same basic job may necessitate a formal change of job title to ensure that they will receive training according to that job's risk classification. This must be reviewed on an annual basis by department managers for all job titles which they supervise or manage.

_____ CLASSIFICATION I

This includes jobs in which required tasks routinely involve a potential for mucous membrane or skin contact with blood, body fluids, tissues or potential spills or splashes. Use of appropriate measures is required for every employee performing these tasks.

_____ CLASSIFICATION II

This includes jobs in which required tasks normally do not involve exposure to blood, body fluids or tissues, but may require performing unplanned Classification I tasks. In these jobs the normal work performance involves no exposure to blood, body fluids or tissues. However, exposure or potential exposure may be required as a condition of employment or class performance.

_____ PERSONNEL NOT COVERED BY THE STANDARD

This includes jobs in which required tasks involve no greater exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues and the employee can decline to perform tasks which involve a perceived risk without retribution.

NOTE: All employees who do not fit into Classification I or II will fall into a third category not covered by the Standard.
