2. Provide leadership, administrative support, and a coordinated operational system for distance learning.
3. Maintain and communicate DL policies and procedures.
4. Promote and market the use of alternative methods of instructional delivery.
5. Collect data and provide appropriate reports relative to the utilization of DL for instructional delivery.
6. Coordinate the schedule for DL courses and provide orientation/training for new DL faculty and staff.
7. Provide resources and technical assistance to faculty & students participating DL instruction.
8. Evaluate and make recommendations for any needed upgrades or enhancements to the LMS and other instructional systems.
9. Assure currency of the latest information and technology pertaining to DL through professional development activities.
10. Collaborate closely with faculty to design, develop, and implement high quality instructional content, and oversee the course review process.
11. Provide faculty with training opportunities to enhance the traditional, hybrid, and online learning environment.
12. Coordinate the implementation of the Interactive Video (ITV) learning environment.
13. Maintain and report the college's state authorization status with all appropriate states.
14. Attends department chair meetings and other meetings of instructional leadership as directed by the Vice President of Instruction.
15. Other duties as assigned.

### **Knowledge, Skills and Abilities:**

Ability to plan educational programs and to evaluate programs and staff. Must have an understanding of and a commitment to the open door philosophy and to the mission and goals of the college. Demonstrated proficiency in an educational leadership role. Ability to teach selected curriculum courses.

**Minimum Education and Experience:**

Bachelor's degree from an accredited institution required. Master's degree preferred.

Demonstrated experience in instructional design and distance learning required.

Teaching experience preferred. Experience in administering Blackboard and/or Moodle preferred. Teleconferencing experience preferred. Familiarity of current instructional technology tools and applications preferred. Experience with NCCCS Virtual Learning Community is preferred.

Basis for knowledge of job: ☐ hold job now; ☒ supervise job; ☐ other (explain)

## **Exposure Determination for Bloodborne Pathogens**

All position descriptions, including administrative and support personnel, whether paid or volunteer, must be evaluated by the appropriate department chairman/head and a Risk of Exposure to Bloodborne Pathogens Classification I or II be assigned to the position as it applies to each employee's work location. In situations where jobs of the same title entail substantially different categories of risk based on the department to which assigned, job titles will be modified to include the unit name thereby creating a newer, more specific description for that position.

For jobs which fall into Classification II, a list of tasks or procedures which present an occupational exposure to those employees should be prepared and appended to the job description. Assignment of personnel to a new department in the same basic job may necessitate a formal change of job title to ensure that they will receive training according to that job's risk classification. This must be reviewed on an annual basis by department managers for all job titles which they supervise or manage.

### **\_\_\_\_\_ CLASSIFICATION I**

This includes jobs in which required tasks routinely involve a potential for mucous membrane or skin contact with blood, body fluids, tissues or potential spills or splashes. Use of appropriate measures is required for every employee performing these tasks.

### **\_\_\_\_\_ CLASSIFICATION II**

This includes jobs in which required tasks normally do not involve exposure to blood, body fluids or tissues, but may require performing unplanned Classification I tasks. In these jobs the normal work performance involves no exposure to blood, body fluids or tissues. However, exposure or potential exposure may be required as a condition of employment or class performance.

### **\_\_\_\_\_ PERSONNEL NOT COVERED BY THE STANDARD**

This includes jobs in which required tasks involve no greater exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues and the employee can decline to perform tasks which involve a perceived risk without retribution.

NOTE: All employees who do not fit into Classification I or II will fall into a third category not covered by the Standard.
