Richmond Community College

Job Description

Position Title: Scotland County Early College High School Liaison

General Description: The College Liaison, under the direct supervision of the Director of K-12 Partnerships and the general supervision of the Vice President for Instruction/CAO, is the primary point of contact with Scotland Early College High School (SECHS) administration and support The Career and College Promise program (CCP) with Scotland County schools. The College Liaison maintains open, positive lines of communication between SECHS, Richmond Community College (RCC), and St. Andrews University.

Duties and Responsibilities of the Position:

- 1. Serve as the primary contact with the SECHS and St. Andrews administration.
- 2. Coordinate with the SECHS counselors in developing, implementing, and evaluating individual curriculum plans for students to attain an associate's degree and high school diploma.
- 3. Serve as academic advisor for early college high school (SECHS) students.
- 4. Administer and coordinate placement testing for SECHS students.
- 5. Facilitate registration of SECHS students for appropriate RCC courses each semester.
- 6. Coordinate registration of Scotland County schools with the Director of K-12 Partnerships to support the CCP Program.
- 7. Coordinate with RCC department chairs and staff each semester to schedule courses needed for the SECHS students' on the St. Andrews campus and at the Honeycutt Center.
- 8. Communicate with RCC instructors to monitor students' academic progress in college courses.
- 9. Foster and support the positive relationships between RCC and SECHS staff and students.
- 10. Coordinate with St. Andrews staff to arrange for RCC instructional and office space needs as they occur.
- 11. Assist in connecting SECHS students to student life on campus.
- 12. Connect special services at RCC with qualified SECHS students.
- 13. Teach approved RCC classes as needed in the SECHS program.
- 14. Apply knowledge of policies and regulations pertaining to SECHS.
- 15. Participate on committees that involve the SECHS.
- 16. Complete other duties as assigned by the Director of K-12 Partnerships.

Position Qualifications:

Knowledge, Skills and Abilities:

1. Must demonstrate effective oral, written, and presentation skills and deal effectively with high school students, parents, staff and faculty of RCC and Scotland County schools, and the public. Must possess the ability to prioritze multiple tasks and work effectively as a member of a team. Must be able to accomplish assigned duties with minimal supervision. Must understand and be able to articulate the mission and unique nature of the Early College High School and Career and College Promise.

Minimum Education and Experience:

1. Bachelor's degree required. Community College experience preferred. Proven ability to deal effectively, cooperatively and tactfully with faculty, staff administrators, parents and students. Proficiency in word processing, spreadsheets, and presentation software applications.

Salary Grade: Level 8; Commensurate with education and experience

Γitle: _	
	for knowledge of job: hold job now; supervise job; other (explain)

Exposure Determination for Bloodborne Pathogens

All position descriptions, including administrative and support personnel, whether paid or volunteer, must be evaluated by the appropriate department chairman/head and a Risk of Exposure to Bloodborne Pathogens Classification I or II be assigned to the position as it applies to each employee's work location. In situations where jobs of the same title entail substantially different categories of risk based on the department to which assigned, job titles will be modified to include the unit name thereby creating a newer, more specific description for that position.

For jobs which fall into Classification II, a list of tasks or procedures which present an occupational exposure to those employees should be prepared and appended to the job description. Assignment of personnel to a new department in the same basic job may necessitate a formal change of job title to ensure that they will receive training according to that job's risk classification. This must be reviewed on an annual basis by department managers for all job titles which they supervise or manage.

CLASSIFCATION I

This includes jobs in which required tasks routinely involve a potential for mucous membrane or skin contact with blood, body fluids, tissues or potential spills or splashes. Use of appropriate measures is required for every employee performing these tasks.

CLASSIFICATION II

This includes jobs in which required tasks normally do not involve exposure to blood, body fluids or tissues, but may require performing unplanned Classification I tasks. In these jobs the normal work performance involves no exposure to blood, body fluids or tissues. However, exposure or potential exposure may be required as a condition of employment or class performance.

PERSONNEL NOT COVERED BY THE STANDARD

This includes jobs in which required tasks involve no greater exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues and the employee can decline to perform tasks which involve a perceived risk without retribution.

NOTE: All employees who do not fit into Classification I or II will fall into a third category not covered by the Standard.
