Richmond Community College

Job Description

Position Title: Simulation Nurse Facilitator/Instructor - Nursing

General Description:

An Instructor, under the authority and direction of the Vice President for Instruction/Chief Academic Officer and in cooperation with the Program Lead Instructor and Department Chairperson, is responsible for providing effective instruction in the assigned curriculum area.

Duties and responsibilities of an Instructor are as follows:

- 1. Leads the integration of simulation/instructional technologies throughout the ADN, PN and other curriculums.
- 2. Uses evidence-based simulation models to design, implement, evaluate, and standardize educational programs for faculty/staff development in the use of clinical simulation, debriefing, and assessment.
- 3. Mentors faculty, clinicians, and staff in the design of curriculum involving clinical simulation.
- 4. Ensures instruction is consistent with national professional standards for clinical practice.
- 5. Collects data on learning outcomes for simulation exercises and collaborates with faculty/staff educators on disseminating findings through peer-reviewed publications.
- 6. Facilitates comprehensive evaluations of the NCEC to promote growth and development.
- 7. Teaches students effectively to meet student learning outcomes.
- 8. Holds class sessions as scheduled to meet student learning outcomes.
- 9. Maintains office hours as required by college policy.
- 10. Makes course syllabi and Instructor Course Requirements available to students no later than the first class session or the first date of the course session for Distance Learning courses. Rubrics used to evaluate specific assignments should also be made available to students.
- 11. Provides clearly organized and understandable instruction.
- 12. Provides adequate and timely feedback and evaluation of assignments.
- 13. Maintains a positive attitude in interactions with students and shows a genuine concern for student learning.
- 14. Fulfills obligations in student recruiting, advising, orientation, and registration.
- 15. Assists in the continual evaluation and enhancement of curricula through the planning process and departmental meetings.

- 16. Provides the Vice President for Instruction or his/her designee with updated Instructor's Course Requirements that reflect expected student learning outcomes.
- 17. Submits accurate and complete records and reports in a timely manner in order to provide assessment data for institutional improvement.
- 18. Attends and participates in faculty, advisory, and assigned committee meetings designated to improve curriculum programs.
- 19. Participates in professional development, including back-to-industry, conference, and workshop activities that lead to professional and institutional advancement.
- 20. Accepts other duties as assigned.

Position Qualifications:

Knowledge, Skills and Abilities:

Understanding of and commitment to the unique nature and role of the Institution. Strong oral and written communication skills; ability to work independently with minimal supervision. Able to teach in various delivery modes. Willing to accept day and/or evening teaching assignments and teaching assignments at other locations as needed by the Institution. This position could include instruction in the Associate Degree Program or the Practical Nursing Program.

Minimum Education and Experience:

Master's degree in nursing preferred, Bachelor's degree in nursing required. Two years full-time experience in clinical nursing practice as a R.N. required. Must hold a current unrestricted license as a R.N. in North Carolina. Teaching experience, particularly in a nursing program, preferred. Prior to or within the first three (3) years of employment, nursing faculty who teach in a program leading to initial licensures as a nurse shall have preparation in teaching and learning principles for adult education, including curriculum development, implementation, and evaluation that is appropriate to assignment. The nurse faculty member in a program preparing individuals for registered nurse practice who has primary responsibility, designated by the program, for coordinating the planning, implementation, and evaluation of each major clinical nurse course shall hold a master's degree. This nurse faculty member shall also have had a minimum of one academic year of full-time teaching experience in a nursing program. Demonstrated ability to integrate computers into the instructional environment and on-line teaching experience preferred.

Supervisor's Title:VP for Instruction/CAO

1. **General Purpose of Job**. Briefly describe the job's primary purpose or contribution to the department or organization.

See job description.

2. Duties and Responsibilities. List the job's essential or most important functions and responsibilities. Include all important aspects of the job -- whether performed daily, weekly, monthly, or annually; and any that occur at irregular intervals.

See job description.

3. Supervisory Responsibilities. If this job supervises others, give the name of unit(s) or department(s) managed and number of employees supervised. If there are subordinate supervisors, list them also.

4. Physical Demands:

4A. How much on-the-job time is spent in the following physical activities? Show the amount of time by checking the appropriate boxes below.

	Amount of Time			
	None	Up to	1/3 to	2/3 and
		1/3	2/3	more
Stand				\boxtimes
Walk				\boxtimes
Sit		\boxtimes		
Talk or hear				\boxtimes
Use hands to finger, handle or feel				\boxtimes
Climb or balance		\boxtimes		
Stoop, kneel, crouch or crawl			\boxtimes	
Reach with hands and arms				\boxtimes
Taste or smell				\boxtimes

4B. Does this job require that weight be lifted or force be exerted? If so, how much and how often? Check the appropriate boxes below.

	Amount of Time			
	None	Up to	1/3 to	2/3 and
		1/3	2/3	more
Up to 10 pounds				
Up to 25 pounds				
Up to 50 pounds				
Up to 100 pounds			\boxtimes	
More than 100 pounds				

Up to 50 pounds
Up to 100 pounds
More than 100 pounds

4C. Does this job have any special vision requirements? Check all that apply.

Close vision (clear vision at 20 inches or less)

Distance vision (clear vision at 20 feet or more

Color Vision (ability to identify and distinguish colors)

Peripheral vision (ability to observe an area that can be seen up and down or to the left and right while eyes are fixed on a given point)

Depth perception (three-dimensional vision, ability to judge distances and spatial relationships)

Ability to adjust focus (ability to adjust the eye to bring an object into sharp focus)

No special vision requirements

4D. Make notes on the specific job duties that require the physical demands selected above.

Clinical supervision of nursing students, class preparation and delivery.

5. Work Environment:

5A. How much exposure to the following environmental conditions does this job require? Show the amount of time by checking the appropriate boxes below.

Wet, humid conditions (non-weather)
Work near moving mechanical parts
Work in high, precarious places
Fumes or airborne particles
Toxic or caustic chemicals
Outdoor weather conditions
Extreme cold (non-weather)
Extreme heat (non-weather)
Risk of electrical shock
Work with explosives
Risk of radiation
Vibration

	Amount	of Time	
None	Up to	1/3 to	2/3 and
	1/3	2/3	more
			\boxtimes

	5B . How much noise is typical for the work environment of this job? Check the
	appropriate level below.
	Very quiet (Examples: forest trail, isolation booth for hearing test)
	Quiet (Examples: library, private office)
	Moderate Noise (Examples: Business office with typewriters and/or computer
	printers, light traffic)
	Loud noise (Examples: metal can manufacturing, department, large earthmoving equipment)
	☐ Very loud noise (Examples: jack hammer work, front row at rock concert)
	5C . Make notes on the specific job duties that are affected by the environmental conditions selected above.
6. descrip	Comments. Include any other information that will aid in the preparation of an accurate action of this job.
7.	Questionnaire prepared by:

Basis f	for knowledge of job: hold job now; supervise job; other (explain)

Exposure Determination for Bloodborne Pathogens

All position descriptions, including administrative and support personnel, whether paid or volunteer, must be evaluated by the appropriate department chairman/head and a Risk of Exposure to Bloodborne Pathogens Classification I or II be assigned to the position as it applies to each employee's work location. In situations where jobs of the same title entail substantially different categories of risk based on the department to which assigned, job titles will be modified to include the unit name thereby creating a newer, more specific description for that position.

For jobs which fall into Classification II, a list of tasks or procedures which present an occupational exposure to those employees should be prepared and appended to the job description. Assignment of personnel to a new department in the same basic job may necessitate a formal change of job title to ensure that they will receive training according to that job's risk classification. This must be reviewed on an annual basis by department managers for all job titles which they supervise or manage.

X CLASSIFCATION I

This includes jobs in which required tasks routinely involve a potential for mucous membrane or skin contact with blood, body fluids, tissues or potential spills or splashes. Use of appropriate measures is required for every employee performing these tasks.

CLASSIFICATION II

This includes jobs in which required tasks normally do not involve exposure to blood, body fluids or tissues, but may require performing unplanned Classification I tasks. In these jobs the normal work performance involves no exposure to blood, body fluids or tissues. However, exposure or potential exposure may be required as a condition of employment or class performance.

PERSONNEL NOT COVERED BY THE STANDARD

This includes jobs in which required tasks involve no greater exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues and the employee can decline to perform tasks which involve a perceived risk without retribution.

NOTE: All employees who do not fit into Classification I or II will fall into a third category not covered by the Standard.
