Richmond Community College

Job Description

Position Title: Director of Career and Transfer Services

General Description: The Director of Career and Transfer Services is responsible for providing and coordinating career services to students, alumni, employees, and members of the community at Richmond Community College. In addition, this position will serve as the institutional academic director for university transfer services with internal as well as external constituencies. The Director of Career and Transfer Services reports to the Vice President of Student Services.

Duties and Responsibilities of the Position:

- 1. Create overall strategies and initiatives to build and support career and transfer services at RCC.
- 2. Plan, organize, develop, and implement career events (workshops and career fairs).
- 3. Cultivate relationships with employers and instructors to facilitate student placements for temporary and/or permanent jobs.
- 4. Oversee student career/transfer/job consultation on a daily basis as appropriate.
- 5. Stay abreast of latest labor market information regarding industry and employer happenings and trends.
- 6. Disseminate information on career programs, career opportunities, and activities to students, alumni, and employees as well as information on scholarships, financial aid, programs of study, etc.
- 7. Work collaboratively with the Vice President of Instruction on his/her designee to assist in developing, implementing and maintaining articulation agreements, transfer equivalencies, and 2 + 2 agreements.
- 8. Develop and maintain a close working relationship with individuals, departments and organizations on-campus as well as with various constituencies off-campus, especially university officials. Work with collegiate transfer advisors to ensure transfer students a smooth transition to the University.
- 9. Provide necessary training and support for faculty advisors of transfer students.
- 10. Supervise and train the Administrative Assistant to Career and Transfer Services.
- 11. Assure high-quality service to transfer applicants from recruitment to enrollment by coordinating recruitment efforts, application processing, transcript evaluations, articulation agreements, registration, and orientation activities.
- 12. Assist with the collaboration efforts of key stakeholders on and off campus to enhance the transfer student experience.
- 13. Provide planning outcomes and results for the Office of Career and Transfer Services.
- 14. Other duties. (Willingness to accept and fulfill additional assignments.)

Minimum Education and Experience:

Master's degree required. Professional experience in a higher education setting is preferred. Evening and weekend work and out of town travel may be required.

Knowledge, Skills, and Abilities:

Understanding of and commitment to the unique nature and role of the community college with special reference to the total fulfillment of the open door policy. Understanding of and commitment to the mission and vision of Richmond Community College. Must possess and demonstrate ability to obtain, determine, and evaluate community, organizational and individual needs. Physical ability sufficient to meet job requirements. Must be able to work as an effective member of the Student Services team.

Exposure Determination for Bloodborne Pathogens

All position descriptions, including administrative and support personnel, whether paid or volunteer, must be evaluated by the appropriate department chairman/head and a Risk of Exposure to Bloodborne Pathogens Classification I or II be assigned to the position as it applies to each employee's work location. In situations where jobs of the same title entail substantially different categories of risk based on the department to which assigned, job titles will be modified to include the unit name thereby creating a newer, more specific description for that position.

For jobs which fall into Classification II, a list of tasks or procedures which present an occupational exposure to those employees should be prepared and appended to the job description. Assignment of personnel to a new department in the same basic job may necessitate a formal change of job title to ensure that they will receive training according to that job's risk classification. This must be reviewed on an annual basis by department managers for all job titles which they supervise or manage.

CLASSIFCATION I

This includes jobs in which required tasks routinely involve a potential for mucous membrane or skin contact with blood, body fluids, tissues or potential spills or splashes. Use of appropriate measures is required for every employee performing these tasks.

CLASSIFICATION II

This includes jobs in which required tasks normally do not involve exposure to blood, body fluids or tissues, but may require performing unplanned Classification I tasks. In these jobs the normal work performance involves no exposure to blood, body fluids or tissues. However, exposure or potential exposure may be required as a condition of employment or class performance.

X PERSONNEL NOT COVERED BY THE STANDARD

This includes jobs in which required tasks involve no greater exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues and the employee can decline to perform tasks which involve a perceived risk without retribution.

NOTE: All employees who do not fit into Classification I or II will fall into a third category not covered by the Standard.
