Richmond Community College

Job Description

Position Title: Director of Student Retention and Intervention

General Description of the Position: The Director of Student Retention and Intervention is responsible for coordinating retention and intervention activities at Richmond Community College. This individual works closely with faculty, community college counselors and other support staff to provide students with additional support services to ensure student success.

Responsibilities and Duties of the Position:

- 1. Serve as the campus resource person for retention, including maintaining and tracking all retention efforts.
- 2. Clarify school policies and academic options with students to help facilitate the students' academic success.
- 3. Cultivate relationships with students that foster support and assist them as they progress towards graduation.
- 4. Diligently work to provide options, referrals, and alternative solutions for students who currently are facing obstacles and challenges.
- 5. Be knowledgeable of available campus resources to meet students' needs.
- 6. Establish and maintain effective working relationships with other department staff, faculty, students and the public.
- 7. Work with faculty to identify students whose behaviors indicate a need for early intervention and provide timely feedback.
- 8. Contact students to inquire about absences and discuss the ability to remain in their respective programs.
- 9. Assist students to independently monitor their progress toward achieving their educational and career goals.
- 10. Meet with supervisor on a regular basis to review progress on overall program goals.
- 11. Prepare and submit program reports as required.
- 12. Other duties (Willingness to accept and fulfill additional assignments.)

Minimum Education and Experience: Master's Degree preferred, Bachelor's required. Degree should be in a field related to education, and have meaningful work experience with education and public agencies whose clients have identifiable needs. Demonstrates a personal and professional ability to work as an effective member of a team.

Knowledge, Skills, and Abilities: Understanding of and commitment to the unique nature and role of the community college with special reference to the total fulfillment of the open door policy. Understanding of and commitment to the mission and vision of Richmond Community College. Demonstrated ability to exercise initiative, tact and diplomacy, and possess a positive student-oriented attitude. Must be able to work as an effective member of the Student Services team. Physical ability sufficient to meet job requirements. Able to work with adults who are at various educational levels.

Salary Level: Salary Level 8

Location: Main Campus

Job Title: Director of Student Retention and

Intervention Department: Student

Division: Services
Location: Main Campus Shift:

Supervisor's Title: VP for Student Services

1. **General Purpose of Job**. Briefly describe the job's primary purpose or contribution to the department or organization.

See job description.

2. Duties and Responsibilities. List the job's essential or most important functions and responsibilities. Include all important aspects of the job -- whether performed daily, weekly, monthly, or annually; and any that occur at irregular intervals.

See job description.

3. Supervisory Responsibilities. If this job supervises others, give the name of unit(s) or department(s) managed and number of employees supervised. If there are subordinate supervisors, list them also.

4. Physical Demands:

4A. How much on-the-job time is spent in the following physical activities? Show the amount of time by checking the appropriate boxes below.

	Amount of Time				
	None	Up to	1/3 to	2/3 and	
		1/3	2/3	more	
Stand					
Walk					
Sit			\boxtimes		
Talk or hear				\square	
Use hands to finger, handle or feel				\square	
Climb or balance					
Stoop, kneel, crouch or crawl					
Reach with hands and arms					
Taste or smell					

4B. Does this job require that weight be lifted or force be exerted? If so, how much and how often? Check the appropriate boxes below.

	Amount of Time				
	None	2/3 and			
		1/3	2/3	more	
Up to 10 pounds		\boxtimes			
Up to 25 pounds					
Up to 50 pounds					
Up to 100 pounds					
More than 100 pounds					

4C.	Does this job have any special vision requirements? Check all that apply.
	☐ Close vision (clear vision at 20 inches or less)
	☐ Distance vision (clear vision at 20 feet or more
	Color Vision (ability to identify and distinguish colors)
	Peripheral vision (ability to observe an area that can be seen up and down or
	to the left and right while eyes are fixed on a given point)
	Depth perception (three-dimensional vision, ability to judge distances and
	spatial relationships)
	Ability to adjust focus (ability to adjust the eye to bring an object into sharp
	focus)
	No special vision requirements

4D. Make notes on the specific job duties that require the physical demands selected above.

The specific vision abilities required by this job would be close vision and the ability to adjust focus while performing such job tasks as evaluating transcripts, completing paperwork and entering information into a computer, etc.

5. Work Environment:

5A. How much exposure to the following environmental conditions does this job require? Show the amount of time by checking the appropriate boxes below.

			Amount of Time		
Wet, humid conditions (non-weather) Work near moving mechanical parts Work in high, precarious places Fumes or airborne particles Toxic or caustic chemicals Outdoor weather conditions Extreme cold (non-weather) Extreme heat (non-weather) Risk of electrical shock Work with explosives Risk of radiation Vibration 5B. How much noise is typical for the work environment of this job? Check the appropriate level below. Very quiet (Examples: forest trail, isolation booth for hearing test) Quiet (Examples: library, private office) Moderate Noise (Examples: Business office with typewriters and/or compute printers, light traffic) Loud noise (Examples: metal can manufacturing, department, large earthmoving equipment) Very loud noise (Examples: jack hammer work, front row at rock concert) 5C. Make notes on the specific job duties that are affected by the environmental conditions selected above. This job is located in an office with moderate noise and is affected daily by this environmental condition. 6. Comments. Include any other information that will aid in the preparation of an accurate description of this job. 7. Questionnaire prepared by: Name: Date: Title:		None	Up to	1/3 to	2/3 and

Exposure Determination for Bloodborne Pathogens

All position descriptions, including administrative and support personnel, whether paid or volunteer, must be evaluated by the appropriate department chairman/head and a Risk of Exposure to Bloodborne Pathogens Classification I or II be assigned to the position as it applies to each employee's work location. In situations where jobs of the same title entail substantially different categories of risk based on the department to which assigned, job titles will be modified to include the unit name thereby creating a newer, more specific description for that position.

For jobs which fall into Classification II, a list of tasks or procedures which present an occupational exposure to those employees should be prepared and appended to the job description. Assignment of personnel to a new department in the same basic job may necessitate a formal change of job title to ensure that they will receive training according to that job's risk classification. This must be reviewed on an annual basis by department managers for all job titles which they supervise or manage.

CLASSIFCATION I

This includes jobs in which required tasks routinely involve a potential for mucous membrane or skin contact with blood, body fluids, tissues or potential spills or splashes. Use of appropriate measures is required for every employee performing these tasks.

CLASSIFICATION II

This includes jobs in which required tasks normally do not involve exposure to blood, body fluids or tissues, but may require performing unplanned Classification I tasks. In these jobs the normal work performance involves no exposure to blood, body fluids or tissues. However, exposure or potential exposure may be required as a condition of employment or class performance.

X PERSONNEL NOT COVERED BY THE STANDARD

This includes jobs in which required tasks involve no greater exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues that would be encountered by a visitor. The normal work/class performance involves no exposure to blood, body fluids, or tissues and the employee can decline to perform tasks which involve a perceived risk without retribution.

NOTE: All employees who do not fit into Classification I or II will fall into a third category not covered by the Standard.
